No.917	B crackle glaze · C crackle glaze	30	333×100×15	790g

- Ceramic product has individual differences, such as size and color shape. ■ Adjust size difference during installation.
- Please use tile adhesive. ■ Avoid using slurry grouting and acid washing.
- This product features a crackle glaze. The degree of crackle varies naturally, resulting in individual differences between pieces.
- Crackle glaze is for interior use only. (Please avoid using this product in areas exposed to water, such as bathrooms or shower rooms.)
- When dirt or dust enters the penetrated areas of the glaze surface, it may appear as streaks, but this does not affect the material of the tile itself
