- Ceramic product has individual differences, such as size and color shape. ■Adjust size difference during installation.■Avoid using slurry grouting. ■Please use tile adhesive.
- Please be careful for Smoked Black(Glazed) color products when installing them. It is easy to get dust and dirt which are hard to remove.
- The glaze character of Smoked Black(Glazed) is rough surface. Please avoid using clothes for wipe cleaningnot to let the fibers on the surface.
- This product features a crackle glaze.The degree of crackle varies naturally, resulting in individual differences between pieces.
- Crackle glaze is for interior use only.(Please avoid using this product in areas exposed to water, such as bathrooms or shower rooms.)■Avoid using acid washing.
- When dirt or dust enters the penetrated areas of the glaze surface, it may appear as streaks, but this does not affect the material of the tile itself
