

Moon

INTERNATIONAL CERAMICS COMPETITION
MINO, JAPAN HONORABLE MENTIONS

The shape resembles the waxing
and waning moon when it is installed.
With its soft natural ivory color,
many unexpected shades and
silhouettes are formed, upon installation.

size: $\phi 55 \times T13$ mm

White (Glazed)

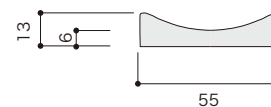

Ivory (Glazed)

Antique Gold (Glazed)
<For interior use only>

Metallic Silvery Black (Glazed)

pattern A 324 / m²

■ Ceramic product has individual differences, such as size and color shape. ■ Adjust size difference during installation. ■ Use elastic adhesives for tiles. ■ Please be understood that there is an uneven color shade at round side.

■ This product is not sold by mesh-mounted units, sold by loose pieces. ■ The number of pieces per square meter is a reference number. It differs from the distance of gap space between pieces.

■ Wide shade variation inherent in Metallic Silver Black and Antique Gold. Appearance may change depending on lighting type and direction.

■ Metallic Silver Black is characterized by differences in expression and color range, and the impression varies depending upon how the light hits it. When used outside, the wrinkles in the glaze may fade or the color may darken over time.

■ Antique Gold is for interior use only. The edges of Antique Gold may darken due to the nature of the glaze. ■ Metallic Silver Black and Antique Gold : Avoid cleaning with acid materials, it will damage the glaze.
