90 □ E	W : White(Unglazed) / H : Beige(Unglazed)			1000g
90 □ F	W : White(Unglazed) / H : Beige(Unglazed)			850g
90 B E	B : Black(Unglazed)			1100g

■ Ceramic product has individual differences, such as size, color and shape. ■ Avoid trowel grouting due to rough surface of the product.
■ An individual difference in appearance will be there due to hand made production process. ■ Please make 10mm joints between each tile.
■ The surface design of 90F is different from a design of 150WD in catalog page 48. ■ Please consider a design of structural strength for preventing block wall from falling down.
■ This particular black has a slightly reddish cast which varies depending upon how the light hits it.
■ Be careful for getting dirty when installation of unglazed white color because it is easy to get dirty.
