- Ceramic product has individual differences, such as size and color shape. ■Adjust size difference during installation.
- Avoid cleaning with acid materials, it will damage the glaze. ■Please use tile adhesive.
- Wide shade variation inherent in Antique Silver and Antique Gold. Appearance may change depending on lighting type and direction.
- When used outside, the wrinkles in the glaze may fade or the color may darken over time.
- Antique Gold is for interior use only. ■Antique Gold may turn darker on the edges due to the characteristic features of the glaze.
- Antique Silver : To rid of noticeable fingerprints, wipe with lacquer thinner. Please avoid using clothes for wipe cleaning not to let the fibers on the surface.
- Antique Silver also has a yellowed color due to the characteristics of the glaze.
